

November 15, 2024

Dear Neighbor,

Thank you for your past and continued support of the Highland Park Public Library! We welcome you to join us in celebrating the exciting reopening of the library. After a whirlwind year preparing for this moment, we look forward to showing you our reimaged library that features:

- A dedicated Teen Services area
- An updated Children's room and reading nook
- New computers and furnishings
- High-speed Internet
- Faster WiFi
- An open floor plan
- State-of-the-art meeting facilities
- Outdoor reader space
- Redesigned, ADA compliant restrooms

These improvements will make the library a place the community can take pride in for generations to come. We could not have accomplished so much without the support of our Mayor, Borough Council, other local leaders, the New Jersey State Library, generous benefactors, and you. Many have contributed to ensure a bright future for the Highland Park community. But we still have work to do. With your help, the library will offer more high-quality programming, expand collections, extend loanable technology programs, and engage more directly with our community.

Please consider donating to build upon our successes, as your gift would help us maintain the high level of service Highland Park residents deserve. Support us by mailing a check to: Highland Park Public Library, 31 N. 5th Avenue; Highland Park, NJ 08904, or by donating directly online at paypal.me/hpplnj. Thank you!

Sincerely,
